M'ADOO AS A PRIVATE.

We Will Serve in the Banks "with the Boys in the Treasuries."

ESPECIALLY TO THE WORLD,

WASHINGTON, Dec. 3.—Representative M'ADOO, of New Jersey, is very much annoyed by the rumors which have been current of late alleging that he is about to remove to New York in order that he may run or contest. To the world correspondents he said to-night:

"To-day my attention was called to the statement that I was about to remove to New York with a view of being again elected to Congress. I am not here to run for office, but to attend to my duties as a legislator until March 4, and in all my plans for the future election to Congress or any public office I have no desire to run for office."

In addition to being a member of the bar in New Jersey, I am about to be admitted to the New York bar, and the same I expect to do before the end of the year. I am here to attend to my duties as a legislator until March 4, and in all my plans for the future election to Congress or any public office I have no desire to run for office."

He said to-night:

"Of course I shall always be deeply concerned for the success of Democratic candidates, and especially for our party in my capacity as private citizen, do my duty cheerfully in the ranks. I have served both sides in the past, and the trials, as our friend Watterson faithfully puts it, and I have been honored with commissions, but the quality of the service seems to me of more concern than the degree of rank."

On the strength of Democratic principles, and especially of our party in my capacity as private citizen, do my duty cheerfully in the ranks. I have served both sides in the past, and the trials, as our friend Watterson faithfully puts it, and I have been honored with commissions, but the quality of the service seems to me of more concern than the degree of rank."

Only Convicts and Negroes at Work.

BIRMINGHAM, Ala., Dec. 3.—The striking coal miners were yesterday joined by nearly all the men who were at work on Monday, and all the mines are idle except where convicts are worked, and negro miners have been brought in. Eight thousand miners are now idle, and the indications are the strike will be a long and bitter one. Nearly half the furnaces in the district will go out in a week, and the miners will follow as soon as the stock of coke is exhausted.

The New State Insane Asylum.

ALBANY, Dec. 3.—The St. Lawrence State Hospital was opened for the reception of patients on Dec. 1. The institution when completed will accommodate 1,500 patients.

The State Comptroller in Albany is preparing for the transfer of the 1,500 inmates housed in the Northern tier counties to this hospital.

A New Gulf Streamer.

PHILADELPHIA, Dec. 3.—The steamer El Sol, which the Cramps have just completed, sailed to-day for New York. The El Sol will run between New Orleans and New York.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.
